

Chief Information Officer Award

is Presented to

Steven Bonaccorsi

This award is presented in recognition of the outstanding effort provided in ensuring MITRE's computer resources were ready for Y2K. Working over 10,000 systems, the team used the new year's Segment information to develop corporate tools (Desktop2000, EXH2000, and more) and apply these tools to MITRE desktops ensuring systems were Y2K compliant.

MITRE

Steven Bonaccorsi
Chief Information Officer
